

CONSCRIPTION BILL GETS 2ND READING

British House Defeats Motion
To Reject Measure
328 to 361

(By Review Leased Wire)
LONDON, May 4.—The House of Commons tonight passed the second reading of the military bill for immediate general military conscription. A motion by Richard D. Holk, radical, to reject the bill was defeated 328 to 361.

The debate on the bill developed no important new points. David Lloyd George, the minister of munitions, declared that he would rather be driven out of the Liberal party and even out of political life than to have upon his conscience the responsibility of refusing the demands for men which might constitute the difference between defeat and victory.

Sir John Simon, the former home secretary, in opposing the bill, reiterated that it was a salute to the military to decide that there was no evidence that the bill would really add to Great Britain's national force and strength; it would create a maximum amount of hardship with minimum results.

U. S. WILL NEGOTIATE N. Y. CENTRAL STRIKE

NEW YORK, May 4.—An announcement tonight that the New York Central had accepted the offer of the government to mediate in the threatened strike of five thousand telegraphers and signal men on lines between New York and Chicago, was followed by a statement from H. B. Perham, head of the telegraphers organization, that he did not think a strike call would be issued pending the negotiations.

Mr. Perham added that he expected all differences would be adjusted.

GERMAN PLOTTER SILENT AT TRIAL

Says "Innocents" Would Suffer If Source Of Dynamite Were Told

(By Review Leased Wire)
NEW YORK, May 4.—Asserting that "innocent persons" would become involved in the alleged bomb plots to blow up ships here laden with munitions for the entente allies, he was to divulge the secret of how he acquired a quantity of dynamite, with which to make infernal machines, Lieut. Robt. Fay of the German army, on trial in the federal court here refused to answer certain questions propounded to him on cross examination. Fay, with his brother-in-law, Walter Scholz, and Paul Daecher, are charged with conspiracy to destroy munitions ships.

The three defendants testified today in their own behalf and it was announced at the close of the court's session that the case would probably go to the jury.

Fay, under a rigorous cross examination by counsel for the government, declared the bombs with which he experimented and which he denied were intended to destroy vessels, but merely to disable their rudders, were devised by himself alone, and that neither Scholz nor Daecher was conversant with the plans.

Scholz and Daecher denied they had participated in any plots.

CONSERVATIONISTS ELECT.

WASHINGTON, May 4.—Election of officers today ended the three days' meeting here of the national conservation congress. Geo. E. Condra, Nebraska state conservation commissioner, was named president. Dr. Henry H. Drinker, president of Lehigh university, vice president and Norman McLeon, of Cleveland, treasurer.

FIRST AUTHENTIC PICTURES OF RUSSIAN TROOPS IN FRANCE

First pictures of Russian troops in France.

These pictures, which have just been received from France, prove true the reports that the detachment of Russian troops which arrived recently at Marseilles was not the first contingent of soldiers sent by the czar to the western front. It is known now that an advance allotment of two brigades, about ten thousand soldiers, arrived at Toulon from Delny early in April. Every effort was made for a number of days to keep from the outside world any knowledge of their arrival. It was spread abroad that the ten thousand, who came in civilian dress and without equipment, were Serbian refugees who came from Durazzo and Scutari, Albania. For at least two weeks, however, these troops have been drilling in Russian uniform, and these pictures were the first of them to be taken.

UNION OF METHODIST CHURCHES PROPOSED

Northern M. E. Seeks To
Bring Denomination
Branches Into Fold

(By Review Leased Wire)
SARATOGA SPRINGS, N. Y., May 4.—Definite action intended to effect a union of the Methodist Episcopal Church in America was recommended in a report submitted to the general conference today by Bishop Cranston of the common federation to which the conference referred the preliminary negotiations.

The commission endorsed the proposal to unite the branches of the denomination, and requested the appointment of a committee to conduct negotiations with Methodist Episcopal Church South, the Methodist Protestant Church, and other kindred Wesleyan boards.

This committee would report with recommendations to the general conference in 1920.

N. Y. STRIKE LESSENING.

NEW YORK, May 4.—After a conference between committees representing the striking engineers and the employers at Washington it was announced tonight that progress had been made toward the settlement of the differences which had resulted virtually in tying up shipping in New York harbor and adjacent waters through lack of tug boats and freighters to move freight. Ten companies, it was said, conceded to the demands of the strikers, while eleven still held out. Another meeting will be held tomorrow, when it is hoped a settlement will be made. Developments in the cloak makers' strike, affecting approximately 60,000 persons were unchanged. A committee will meet tomorrow to consider the questions involved. No disorders were reported in Manhattan during the day but there were two arrests in Brooklyn.

CREW ADRIFT ON SEA.

LONDON, May 4.—The sinking of a French fishing vessel 150 miles from land by a submarine is reported in an official communication issued this evening. The communication says:

"The fishing steamer Bernadette was sunk in the Atlantic by an enemy submarine May 1, when 150 miles from the nearest land. The crew of 34 escaped in boats. Eight of the crew were picked up. Twenty-six are still adrift.

PEACE PLEA FAKERS

KNOWN BY U. S. ATTORNEY
WASHINGTON, May 4.—Attorney General Gregory announced tonight that he had received conclusive information about the source of some of the telegrams sent to the Senate and House last week urging that no steps be taken which might lead to war with Germany. He refused to reveal the source, but said a statement might be given out by the department of justice on the question within a few days. Mr. Gregory conferred tonight with President Wilson.

7000 PLAN TO STRIKE

IN ST. LOUIS TODAY.
ST. LOUIS, May 4.—More than 7,000 men, members of the unions affiliated with the Building Trades Council will be called out on strike tomorrow morning to support the strike called Monday by the International Hog Carriers Building and Common Laborers Union. S. R. McCoy, business agent for the union, announced tonight. The action follows the fact of the Master Builders Association to grant the union demands for an increase in wages.

COAL STRIKE ENDS: SCALE IS RAISED.

POTTSVILLE, Pa., May 4.—The anthracite coal controversy which threatened to cause a strike of 175,000 miners in the hard coal region, came to an end today through the ratification of the miners' convention of the agreement recently reached between the scale committee of the operators and miners at New York. The agreement takes the place of the one that expired on March 31. It will be retroactive to that date and will continue for four years. While the agreement fails to include the check-off system and closed shop, it includes a recognition of the union. The eight hour day with pay for nine hours and a seven per cent for those who have been working eight hours or less.

TIN WORKERS GET RAISE.

SHARON, Pa., May 4.—Announcement was made here today that 2,000 men employed in the plant of the American Shot and Ton plate company will receive an advance in wages ranging from four to fourteen per cent on May 27. This is the second advance granted this year.
